

Vermillion Public Schools FOUNDATION

Dual Credit Scholarship

The Vermillion Public Schools Foundation Dual Credit Scholarship is a needs-based scholarship helping students take college courses while in high school. These courses offer students the opportunity to take college courses at a third of the cost.

The budget available for this scholarship is limited and based on donations. Scholarship awards may be less than 100% of tuition if scholarship applications exceed the amount of current donations. Students are encouraged to apply for the scholarship as soon as possible. The Foundation will send the awards directly to the universities or colleges offering the course. The scholarship can be used to cover required book charges for the Dual Credit Course.

Students must meet one of the following requirements:

Enrolled in or eligible for a federal free or reduced lunch program at school based on the USDA income levels (<https://www.fns.usda.gov/cn/fr-021622>). NOTE: Vermillion School District information for the 2022-23 school year can be found here: (<https://vermillion.k12.sd.us/wp-content/uploads/2022/07/Parent-Packet-2022-23.pdf>).

- Enrolled in Supplemental Security Income
- Enrolled in Temporary Assistance to Needy Families (TANF)
- Enrolled in Supplemental Nutrition Assistance Program (SNAP)
- Enrolled in Food Distribution Program on Indian Reservations (FDPIR)
- Enrolled in Special Supplemental Assistance Program (WIC)

Students/families must provide evidence of current participation in one of the above programs or declare income levels meet requirements as part of the application process.

A Dual Credit Scholarship application will need to be completed each semester.

Online and in-person dual credit classes are covered. Students are encouraged to ask the University Admissions representatives about other opportunities. At least one of the universities offers dual credit scholarships. Contact your Vermillion High School Counselor for more information.

Due dates for the application are May 13th for the Fall semester (exceptions for students transferring in later) and January 10th for the Spring semester. We encourage you to turn in the applications earlier because of the limited amount of funding available.

Have you taken a dual credit course that was paid for by the Vermillion Public Schools Foundation before? If so please provide a copy of your grade report showing the past course to our executive director at the district front office in the High School. Future scholarships will be dependent on satisfactory completion of past dual credit courses. If this is your first time taking a dual credit course, this documentation is not needed.

A scholarship form can be completed and submitted on-line at <https://docs.google.com/forms/d/e/1FAIpQLSfZYequi9Qmio11qzSDvd0fgr5y-mT57bJouy4FpW0dUxW7g/viewform> . Or print page 2 of this PDF then scan and email to info@vermillionpsf.org or drop off at the High School School Counselor Office or Mary Giffin, VSPF Executive Director in the HS Admin office.
